## 3. Details about specific processing activities

### ● Registration / Sign Up

Our Partner Portal "time window" requires a registration or sign up by providing personal information – specifically your name and contact data (E-Mail-address and telephone number, also see further details in the registration mask).

We process the data you enter solely for the stated purposes in connection with registration / usage of our portal. That is, your E-Mail-address serves as your user name and for sending status notices related to the transport orders being relevant for your company. In addition, we use the data for having the opportunity to contact you in case of system breakdowns.

Furthermore, the use of our Partner Portal requires the acceptance of our General Terms & Conditions ("AGB"). Your acceptance of these AGB's is linked to your consent to collect and process your personal data – i.e. by accepting our AGB's you accept the processing of your personal data and vice versa.

We therefore process your personal data to carry out (pre-)contractual measures. The legal basis then is Art. 6 (1) sentence 1 b GDPR.

### ● Contacting us / feedback

You may contact us through email or in similar ways (e. g. for requests to our Partner Portal). We will then process your data in order to reply to your request. Legal basis for this processing activity is your consent (Art. 6 para. 1 a) GDPR).

Therein lies our legitimate interest for the data processing. Legal basis for this processing activity is our legitimate interest (Art. 6 para. 1 f) GDPR).

We regularly delete these data after 14 days, in case of misuse after administrative or legal proceedings are finished.

- **Tracking and cookies**

Our portal uses cookies (= i. e. text files that store information on your terminal equipment or accesses such information). The cookies serve to improve our services for you. We use "permanent cookies" and "session cookies" (but no other tracking software):
